Venue

The conference will be hosted in the World Conference Center Bonn (former seat of the German Parliament) and the Deutsche Welle.

Built in 1875, the *Wasserwerk* served as the provisional seat of the German Bundestag from 1986 until 1992, and was used until the new plenary chamber in the *Bundeshaus* had been completed. The neighboring *Pumpenhaus* served as an additional visitor center to which parliamentary sessions were transmitted live. Both buildings are land-marked due to their historic significance, and possess unique and historic outside façades.
